

Stolberg, 30.05.2023

General REACH/ROHS and EU-POP Declaration

To whom it may concern,

based on the information we have received from our suppliers as of today, we hereby confirm to you that, to the best of our knowledge, our components (starting with item number LKD9xxx), as well as our fiber optic cables (starting with item number LKD8xxx), and their packaging neither contain nor use substances in concentrations that would be forbidden or declarable under the currently valid requirements of the:

- Regulation (EC) No. 1907/2006 (REACH) and extension of the SVHC - list from January 2023
- Directive 2015/863/EU (RoHS 2), in conjunction with the delegated EU Directive 2015/863 (RoHS 3)
- Persistent organic pollutants regulation (EU) 2019/1021 (EU-POP), in conjunction with the delegated regulation (EU) 2020/784.

Should we discover at any time in the future that our components or fiber optic cables contain forbidden or declarable substances, we will inform you immediately and look for better alternatives.

This letter shall not be construed or implied as an alteration, extension, or other change to the legal or contractual warranties given to you by KERPEN DATACOM GmbH for the aforementioned products.

Yours sincerely

KERPEN DATACOM GmbH, Stolberg
