

Stolberg, 16.04.2026

REACH / RoHS / POP Declaration

Dear Sir or Madam,

We hereby confirm that we comply with all obligations in accordance with the REACH Regulation, the RoHS Directive, and the POP Regulation. This naturally includes compliance with all relevant information obligations within the supply chain and the provision of the required information.

Based on the data provided to us by our suppliers, we inform you as follows:

To the best of our current knowledge, the following article numbers, see overview table on page 2, as well as their packaging –

– **do not contain substances in concentrations which, pursuant to**

- Regulation (EC) No. 1907/2006 (REACH), including the current **SVHC Candidate List dated 04 February 2026**,
- Directive 2011/65/EU (RoHS II) in conjunction with **Delegated Directive (EU) 2015/863 (RoHS III)**,
- Regulation (EU) 2019/1021 on persistent organic pollutants (POP Regulation) in conjunction with **Delegated Regulation (EU) 2024/2570 amending Annex I**,

are prohibited or subject to authorization.

A detailed list of these article numbers and the relevant substances can be found in the appendix.

Should any changes occur in the future or should new information become available, we will of course inform you immediately.

This declaration has been prepared to the best of our knowledge and belief based on the information currently available from our upstream suppliers. It does not constitute an extension of statutory or contractual warranty claims.

Yours sincerely,

KERPEN DATACOM GmbH, Stolberg

i.V. Fjodor Lamm
Head of Product Management

Appendix

Overview of article numbers with substances on the SVHC Candidate List (status: 04 February 2026)

According to Article 33 of the **REACH Regulation**, suppliers of articles are obliged to inform their customers if the delivered products contain substances listed on the **SVHC Candidate List** in a concentration **above 0.1% by weight**.

The following table provides an overview of the products which, according to current knowledge, **do not contain any sub-articles** in which substances from the SVHC Candidate List are present in a concentration above 0.1% by weight.
